

Madagascar Asks for Terms

VICHY, Sept. 16. — (BUP) — An official communique issued at 7:30 o'clock tonight reported that the French governor of Madagascar, Armand Leon Annet, had taken initial steps toward effecting an armistice with British troops occupying the island. "Governor General Annet took the initiative to sound out the British command-in-chief general as to his intentions," the communique said.

LONDON, Sept. 16. — (CP) — A new British landing on Madagascar has caused the surrender of remaining Vichy French forces in one north-west coast area, British East Africa headquarters announced today, as radio reports from the Vichy-controlled island, still lacking official confirmation, said its government is seeking terms with the British command-in-chief.

Governor-General Armand Annet, the reports said, has asked for a cease-fire order to end the hostilities.

This was not mentioned in the British communique which described the invading troops proceeding steadily toward the island with more than half the distance covered.

FORCES SURRENDER
Of the new landing it said only "On the northwest coast, the pressure of our column moving down from Antananarivo, combined with further successful landings from the sea, has resulted in the surrender of remaining French forces between those two places."

Madagascar is 35 miles south of Ambanja, northernmost of the British landings last week on the west coast of the island.

The communique described occupied roads as the principal barrier to British penetration which, it said, has resulted in the capture of 100 miles northwest of Tananarive, inland capital.

DENIAL BY NAZIS
The reports of the intended French capitulation were heard by British stations at captured Diego Suarez, Madagascar, and at Port Louis, Mauritius. Military circles said a French move was not unlikely.

German broadcasts denied that Madagascar authorities had made peace overtures. Vichy itself was silent.

There was no indication of the new British landing which, it said, had been held in reserve.

INFORMED BRITISH SOURCES said the landing forces probably came from ships which had been held in reserve.

SURVIVES AIR WAR BUT GETS BEATING IN N.Y.
NEW YORK, Sept. 16. — (AP) Patrick Murphy, 26-year-old bombardier with the Royal Air Force, was beaten and robbed in the heart of New York City early today and remarked ruefully:

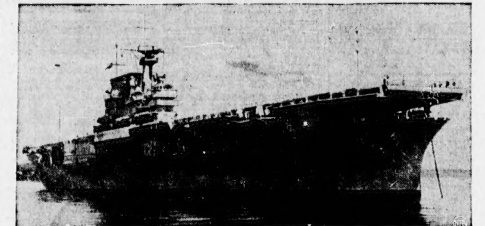

"For two years I flew over Germany and occupied France where there was plenty of excitement, but I have to be walking down Fifth avenue to get my brains knocked out."

Murphy was attacked, he told police, by four Negroes who robbed him of \$1.18 and his identification tag.

Two youths were arrested later, the pockets of one, police said, yielded the \$1.18 and identification tag. They were charged with assault and robbery.

U.S. Loses Big Plane Carrier

United States aircraft carrier Yorktown was sunk after the battle of Midway as a result of attacks by Japanese bombs and torpedoes, the U. S. Navy announced in Washington today. Loss of the big 19,000-ton carrier, with very few casualties, has been a well-kept secret, since the loss occurred in June.

AFTER MIDWAY BATTLE

American Aircraft Carrier Sunk

WASHINGTON, Sept. 16. — (AP) — The navy announced today that the United States aircraft carrier Yorktown had been sunk after the battle of Midway as a result of Japanese bombs and torpedo attacks.

Loss of the 19,000-ton carrier, with very few casualties, had been a well-kept naval secret. The department said destruction of the ship apparently was not known to the enemy and that the knowledge was vitally linked to operations in progress in the South Pacific since early August.

The Yorktown first was successfully attacked by enemy aircraft with bombs and torpedoes on the afternoon of June 4, after the battle of Midway Island had reached its full fury.

FIVE YEARS OLD
The vessel, which had a normal complement of 85 planes and 2,072 men and was only five years old, was not out of action at that time.

Tugs and salvage vessels succeeded, however, in getting her under control and she was removed, slowly but surely, from the battle zone.

Presumably the withdrawal was eastward toward Pearl Harbor. The navy said in its communique reporting the loss today that by

the morning of June 6 the prospects of saving the great ship "appeared brighter."

They had been slender at first, for the vessel had listed heavily, and, abandoned by her crew, was in imminent danger of capsizing.

But shortly after noon on June 6, an enemy submarine suddenly attacked the carrier.

MOST MEN SAVED

Two Destroyers Lost at Tobruk

LONDON, Sept. 16. — (CP) — Loss of the destroyers Sikh and Zulu in recent operations off Tobruk was announced today by the Admiralty.

Most of the crew of the Zulu have been saved, the admiralty said, and it expressed the hope that many of the crew of the Sikh had been able to reach land safely.

If survivors reached land they probably were taken prisoners of war. The Rome and Berlin high commands announced the capture of 376 prisoners in Sunday night's raid on the Libyan base.

The Zulu and the Sikh were British sister ships, both completed in 1938. They carried normal complements of 100 men each and were capable of better than 36 knots.

Both were in Britain's tribal class destroyers, which have been in heavy combat service.

The Zulu was cited by Prime Minister Churchill, then First Lord of the Admiralty, in a report to the House of Commons April 11, 1940, for the sinking of a German submarine off the Orkney Islands.

Goebbels Gets Twisted on New Prisoner

LONDON, Sept. 16. — (CP) — German propagandists got twisted in their accounts concerning a woman correspondent, Mary Allen, who has fallen into Anglo-American hands. That she was the only representative of the Anglo-American press to attend such an unlikely affair indicates that we have her one of the results of the Dieppe defeat.

"Some of the correspondents who took part in the Dieppe broadcast, picked up by the BBC, quoted Gen. Shunroku Hata, a Japanese commander-in-chief in China, Japan's delight in the attack while his craft continued operations indicated the U-boat had been forced to make a crash dive while the officer was on deck."

Plans Made For Appointment of Labor Officers

Arrangements have been completed for the appointment of 10 labor officers to local and district Alberta farm labor and appointments will be announced as soon as the approval of the government has been obtained. It was reported Wednesday by an official of the provincial department of agriculture.

This policy is being adopted following an agreement reached this summer between the provincial and Dominion governments with respect to the handling of farm labor. At the present time there is an acute labor shortage due to wartime conditions.

Under the agreement, transportation costs will be paid for persons transferred to points where their labor is needed. Appointment of supervisors to locate and distribute farm labor is also provided for.

It was pointed out that the work of supervisors would be additional services now being supplied by district agriculturalists. In addition to giving assistance this season, supervisors will help in organizing farm labor for the next crop season.

LONDON SAYS:

Convoy Has Been Under Attack

LONDON, Sept. 16. — (CP) — A British convoy in the Atlantic has been under heavy attack by German U-boats, an authoritative source said today, but no indication of the Allied losses was given.

The German high command has claimed the sinking of 19 ships from a convoy.

This means that the convoy was on its toes.

For weeks past, high Chinese officials have declared repeatedly that Japan was preparing to attack Siberia, Alaska and even British Columbia with a Nazi victory at Stalingrad.

More than 500,000 Japanese troops are reported to have withdrawn from the campaign in China, were reported in Manchukuo on the Siberian frontier.

Last week Chinese reports said Russia had rejected "certain suggestions" made by Tokyo and observers at that time said it was the Soviet Union's own decision to sever ties with the U.S.S.R. for control of Russia's Pacific maritime provinces.

Concentration Non-Essential Industry Seen

By B. T. RICHARDSON
Edmonton Bulletin Ottawa Bureau
OTTAWA, Sept. 16. — Concentration of non-essential industry on the British plan will be inseparable in connection with steps under National Selective Service law to free workers for war work. It was learned here today, passing reference by Elliott M. Little, national director of selective service, in a speech to the Canadian Congress of Labor yesterday, announced that "basic surgical steps" must be taken in order to eliminate non-essential production.

The proposal will work out broadly by this time. War prices based on the production of non-essential industry is required by the Canadian plan and how much production.

Marines Hold Japs Intensify Solomons Drive

WASHINGTON, Sept. 16. — (AP) — Reinforced Japanese troops with strengthened sea and air support have intensified efforts to drive United States marines out of the Solomon Islands, the navy announced last night, but the marines are holding and the Japs have lost 21 planes in five days of fighting.

United States air forces have counter-attacked Japanese bases north and northwest of the main American base on Guadalcanal Island, a navy communique reported, but the enemy is maintaining his pressure in apparently increasing force.

The Japanese attacks have consisted of bombardment by surface vessels and aerial bombardment, particularly against the United States airfield on Guadalcanal.

Yet half a block away, a vegetable market is serving roasts. British people get two ounces of tea a week, and whatever coffee they want is contraband to Canada.

There are 1,500 British Restaurants, and they alone are serving a million meals. They help explain this strange land of contrasts in food. In a swank dining room you may pay up to five shillings for the privilege of sitting at a table. But you get your meal for another five shillings. That is the food ceiling price, and the table

and hand charges form one way of getting around that ceiling.

Today's War Moves

By FREDERICK OESCHNER
British United Press Central European Bureau

With the supreme German assault on Stalingrad now in progress, the 25th day of hard fighting there, agitation for a second front has been revived, especially in London.

It is urged that the fact that a second front can hardly come in line now to face Stalingrad should not be taken as a sign that the immediate advantage should be taken of the delay Hitler already has suffered in his campaign plan.

Advocates of "A Second Front" now say that Hitler, faced by an early winter and the certainty that he will have to leave a large army in the face of a deadly defense fire.

Southwest of the impervious Volga metropolis, counter-attacking Russian troops were said to have quickly moved a break in the line and regained a lost position.

Hull Condemns Vichy Plan to Expel Refugees

WASHINGTON, Sept. 16.—(AP)—Secretary of State Cordell Hull yesterday told a press conference that mass deportation of refugees from unoccupied France is "repelling and fiendish," and then summoned Vichy's ambassador Gaston Henry-Haye to inform him of the United States government's attitude.

In addition Hull told reporters that he would not support the plan of Vichy for the wholesale shipment of French laborers to Germany, if carried out, would be considered aid to an enemy of the United States and non-consistent with the obligations of France under international law.

In his conversation with Henry-Haye, it was learned, Hull expressed unqualified condemnation of mass deportation of French workers out of France.

Refugees to Plan

Although the text of the secretary's remarks to the ambassador was made public, in his talk with reporters he referred indirectly to the Laval government's proposed agreement to report at least 10,000 Jews from refugee camps Sept. 15.

He recalled that yesterday was the deadline for carrying out these measures against "unfortunates who sought political refuge in France in accordance with its traditional hospitality."

"These policies," he said, "include delivery of these unhappy people to enemies who have announced, and in considerable measure executed, their intention to enslave, maltreat, and eventually exterminate them under conditions of the most treacherous cruelty. The details of the measures taken so far indicate that as fiendish in their nature that they are adequate description."

Hull then turned to the question of Vichy's new labor conscription law, under which about 100,000 between 18 and 30 and all unmarried women between 20 and 35 were to be conscripted to work in "the interests of the state."

Minister Tells Rehabilitation Plans For 25

TORONTO, Sept. 16.—(CP)—Pensions Minister Mackenzie told the War Amputations Association of Ontario at a convention here today that it is the "national purpose" that the men who have served in the forces shall be able to return to civil life in a condition that holds their own in private employment, and that the state will help them with any person anywhere.

Minister Reviews Arrangements For Rehabilitation

The minister reviewed arrangements for the rehabilitation and reestablishment of veterans for training, employment and completion of education.

"It is our desire that these young men shall re-enter civil life on terms that shall give them the opportunity to become the leaders in the trades and the professions in the councils of the nation in the years to come," Mr. Mackenzie said.

"That our purpose, 25 years ago, in those days when we were pioneering in unknown fields, adopted and utilized many new methods and out of the experience thus gained we have learned that we can do a better job."

Can Become Leaders

World's Fastest and Heaviest Bomber Arrives in Toronto

Avro Lancaster, flown across the Atlantic on display at Malton airport in Toronto, where huge warbirds are to be built.

Ontario Units Hardest Hit in Raid on Dienne

OTTAWA, Sept. 16.—(CP)—Ontario, with three battalions in the raid on Dienne on Aug. 19, suffered the heaviest casualties of any province, a list of 249 missing issued by the National Defence Department yesterday showed.

The list issued yesterday covered only the missing and did not take into account a number of killed and wounded previously announced by the department.

A tabulation revealed that Ontario had 46 officers and 1,189 non-commissioned members and men missing, the majority of them from the Essex Scottish, the Royal Hamilton Light Infantry and the Royal Rifles.

Quebec Losses

Quebec had 25 officers and 400 non-commissioned members and men missing, the majority of them from the 22nd and 24th battalions of the Black Watch (Montreal) and the 24th and 26th battalions of the Queen's Own Cameron Highlanders of Canada.

Severely Saskatchewan lost five officers and 122 other ranks, the majority of them from the 1st Saskatchewan Regiment in the forefront of the attack. Alberta lost 11 officers and 106 other ranks missing.

Today's War Moves

Continued from Page One

In the Caucasus, however, make early efforts to get troops and airplanes across Europe to meet attack at some other point, and that we should beat him to it. We should not wait until he has time to stop up his creaking transportation system, or until it again adds the factor of chill and misery to labor and production problems.

"They say, too, that since the final collapse of Stalingrad's defense might precipitate the long-expected Japanese invasion of Siberia, we should be on the alert for a possible surprise attack on the Japanese front."

Sheep Raising Hit

The sheep-raising industry in the west is being hit by a combination of factors. One of the main reasons is the shortage of labor. Many of the men who were working on the farms have been called up for military service. This has left the farms short of hands to tend the sheep. Another problem is the weather. The recent rains have made it difficult to get the sheep out to pasture. This has also caused a shortage of feed for the sheep. The sheep-raising industry is facing a difficult time and it is hoped that the government will take steps to help them out.

Church Meeting Studies Budget

BELLEVIEW, Ont., Sept. 16.—(CP)—A resolution moved by C. E. Mahon, of Vancouver, that 10 per cent addition of the \$120,000,000 military and maintenance budget be collected and set aside as a special fund to avoid back overruns was referred to the finance committee by the general council of the United Church of Canada here yesterday.

Crew Heroic When Ship Sunk

SYDNEY, Sept. 16.—(AAP)—Stories of heroism during the last moments of the sinking Australian cruiser Canberra, lost in the Solomon Islands fighting, came yesterday from accounts of the crew and that of the crew who were landed at an Australian port.

Officers of the cruiser had to order back men who wanted to leave the ship, and the crew acted the darkest and escaping from the ship.

Eagle Squadrons To Be Inducted Into Air Force

LONDON, Sept. 16.—(CP)—The three American Eagle Squadrons, which have an official score of 73 enemy aircraft shot down while in the service of the British, were inducted into the United States Army Air Force as fighting units, an official source said yesterday. The first squadron's induction is expected to take place about Sept. 27, this source said.

TO "SOFTEN" WAR MACHINE Gigantic Air Assault on Reich Urged While Weather Holds

LONDON, Sept. 16.—(AP)—Air experts pointed yesterday to approaching bad weather, and a consequent drop in the number of days for bombing operations, as increasing the need for immediate concentration of thousands of British and American bombers for an "air blitz" against Hitler.

Even as the R.A.F. added Bremen to its list of targets, five cities also limited to three basic dates: Hamburg, Berlin, Cologne, Frankfurt and Munich. These five cities have been added to the list of targets for the R.A.F. because of their strategic importance.

Jobs Must Be Provided When War Is Over

LONDON, Ont., Sept. 16.—(CP)—Canada must be prepared with a program to help the millions of new workers who will have to turn to new jobs after the war, Perivens Minister Ian MacKenzie said in an address prepared for delivery to the Canadian club today.

"Our target for tomorrow is, first to win the war, second to win the peace," he said.

USE MORE PLANES

"We must have good weather for the use of more planes in the attack," said a German official yesterday.

The weather again held the R.A.F. back from its planned attack on the German air force. The R.A.F. is expected to launch a major attack on the German air force in the near future.

Early Call-Up Of 18-19 Class In States Seen

WASHINGTON, Sept. 16.—(AP)—A committee of the house of representatives was told yesterday that unless the United States starts drafting 18 and 19-year-olds "very soon," it will be necessary to call up a large number of men from the 18 and 19-year-old class.

Major Gen. Lewis H. Hershey, selective service director, gave this testimony before the defense migration committee. He also said that the demands of the swiftly changing war situation require the use of new manpower necessities including men suffering from some diseases.

Civil Servants May Be Shifted Without Permit

OTTAWA, Sept. 16.—(CP)—Under provisions of a new order-in-council just passed, the Civil Service Commission may switch an employee from one federal government department to another without obtaining a National Selective Service permit.

The order also empowers the commission to advertise directly in newspapers or by poster or other means for employees.

U.S. Bombers Blast Crete Docks, Ships In Daylight Raid

CAIRO, Sept. 16.—(AP)—Heavy U.S. bombers blasted the day-light attack Monday on dock facilities and shipping in Suda Bay, Crete, hitting an ship and possibly a second, United States army air forces headquarters announced here.

Bombs were seen exploding in the dock area, but the results were not observed, the announcement said. The attack was described as a daylight raid, but no enemy fighters. All American planes withdrew before the attack.

U.S. Free Silver Assigned For War

WASHINGTON, Sept. 16.—(AP)—The War Production Board reported yesterday that all "free" silver held by the United States treasury now has been assigned for use in war industry. "Free" silver was described as that held by the treasury in excess of currency requirements.

There is approximately one million vehicle to every 10 miles of road in China.

U.S. Planes Avenge Raids on Rangoon

NEW DELHI, Sept. 16.—(CP)—The Japanese in Burma who in two raids on Rangoon killed 1,102 British soldiers and 1,000 British troops, were avenged by the impact of the United States Air Force twice in the week, it was reported here yesterday.

Brig. Gen. Clayton L. Bissell, headquarters of the United States Air Force in India, said that in the first of the raids last Wednesday night, U.S. bombers had poured in plan expansion and in the creation of new plants. It was also reported that the second raid had been successful in the destruction of industrial and production facilities.

Crew Heroic When Ship Sunk

SYDNEY, Sept. 16.—(AAP)—Stories of heroism during the last moments of the sinking Australian cruiser Canberra, lost in the Solomon Islands fighting, came yesterday from accounts of the crew and that of the crew who were landed at an Australian port.

Officers of the cruiser had to order back men who wanted to leave the ship, and the crew acted the darkest and escaping from the ship.

Eagle Squadrons To Be Inducted Into Air Force

LONDON, Sept. 16.—(CP)—The three American Eagle Squadrons, which have an official score of 73 enemy aircraft shot down while in the service of the British, were inducted into the United States Army Air Force as fighting units, an official source said yesterday. The first squadron's induction is expected to take place about Sept. 27, this source said.

Bennett Warns Material Greed Would be Fatal

CALGARY, Sept. 16.—(CP)—France was destroyed, said Bennett, in an imperial border had told him, since he got back to Canada, he had seen the same thing which led to his destruction in Canada, Viscount Bennett, former Canadian minister of finance, said in a speech at a luncheon meeting of the Conservative Association, who arrived in the city at noon yesterday.

"I saw the miracle of Dunkirk," said Lord Bennett, "we were saved for a selfish purpose but that the Christian concept of civilization should endure. I know that we must make sacrifices never before known by us."

Civil Servants May Be Shifted Without Permit

OTTAWA, Sept. 16.—(CP)—Under provisions of a new order-in-council just passed, the Civil Service Commission may switch an employee from one federal government department to another without obtaining a National Selective Service permit.

The order also empowers the commission to advertise directly in newspapers or by poster or other means for employees.

U.S. Bombers Blast Crete Docks, Ships In Daylight Raid

CAIRO, Sept. 16.—(AP)—Heavy U.S. bombers blasted the day-light attack Monday on dock facilities and shipping in Suda Bay, Crete, hitting an ship and possibly a second, United States army air forces headquarters announced here.

Bombs were seen exploding in the dock area, but the results were not observed, the announcement said. The attack was described as a daylight raid, but no enemy fighters. All American planes withdrew before the attack.

U.S. Free Silver Assigned For War

WASHINGTON, Sept. 16.—(AP)—The War Production Board reported yesterday that all "free" silver held by the United States treasury now has been assigned for use in war industry. "Free" silver was described as that held by the treasury in excess of currency requirements.

There is approximately one million vehicle to every 10 miles of road in China.

U.S. Planes Avenge Raids on Rangoon

NEW DELHI, Sept. 16.—(CP)—The Japanese in Burma who in two raids on Rangoon killed 1,102 British soldiers and 1,000 British troops, were avenged by the impact of the United States Air Force twice in the week, it was reported here yesterday.

Brig. Gen. Clayton L. Bissell, headquarters of the United States Air Force in India, said that in the first of the raids last Wednesday night, U.S. bombers had poured in plan expansion and in the creation of new plants. It was also reported that the second raid had been successful in the destruction of industrial and production facilities.

Crew Heroic When Ship Sunk

SYDNEY, Sept. 16.—(AAP)—Stories of heroism during the last moments of the sinking Australian cruiser Canberra, lost in the Solomon Islands fighting, came yesterday from accounts of the crew and that of the crew who were landed at an Australian port.

Officers of the cruiser had to order back men who wanted to leave the ship, and the crew acted the darkest and escaping from the ship.

They Did the Job

Figures which seem to be fairly complete show that the Canadian troops lost at Dieppe 3,367 men, killed, wounded and missing. The known dead number 170, known wounded 635, and missing 2,437. As Canadians in the invasion force numbered about 30,000, casualties of something more than ten per cent cannot be considered heavy for what undoubtedly was a hard battle, though of limited proportions when measured against the titanic engagements which have fortunately, the number of known killed is relatively small, though some of the missing may eventually have to be added.

These figures, however, which have been said about the strength of the defenses which had to be attacked; and the tribute which the enemy has paid to the exemplary courage and gallantry of the Canadians fought. That three-quarters of the force were brought off safely in such circumstances is probably the greatest feat in which the naval units co-operated in during the enterprise.

The relatives of the men who fell or were wounded or captured and the consolation, and the public satisfaction, of knowing that this sacrifice was not in vain. From the Canadian side, the assurance that the raid was important, even necessary, and that the job was well done.

The Louder Call

No better news could come from the convention of the United Brotherhood of Labor, now being held in Ottawa, than a report that the delegates had pledged their organization to a policy of no war-time strikes.

There is ground to hope that such an announcement will be forthcoming. President Mosher re-echoed the declaration of Labor Minister Mitchell that strikes should be outlawed for the duration. And Hon. Peter Heenan says both the federal and the Ontario governments are making plans to protect the right of workers to organize and bargain collectively.

Even without this amendment of existing labor law there is need of wartime strikes. Means have been provided whereby disputes can be investigated and settled without strikes. But the suggestion amendment is made there will be not even a shadow of an excuse for stopping work to argue a wage disagreement or a dispute about hours or factory conditions.

If any civilians are well situated to know how important it is to the war effort, the men and women who work in the war plants. They see guns and tanks and planes and ships going out from these establishments as fast as they can be made, and yet they are being constantly urged to turn out more of them. This call from the front is the loudest for more and more tools with which to fight is a personal appeal to the munition-workers. Surely it must sound louder to them than the strike.

The Navy Keeps Growing

There are as many ships in Canada's navy now as there were before the Raccoon was sunk a week ago. Launching of another craft at an eastern port has replaced the Raccoon. The launching of the Raccoon was a blow to the navy, but it has been replaced by the launching of the Raccoon. The launching of the Raccoon was a blow to the navy, but it has been replaced by the launching of the Raccoon.

From these yards 200 of such ships have been turned out since the outbreak, besides a thousand motor boats and smaller units built in other plants. There are now 1,500 vessels, ranging from small craft to destroyers, under construction. Two of the latter are building, of the large modern type. The cost of the naval armament is estimated at \$750,000,000, and 40,000 workmen are employed in the building yards.

This has been called a machine war and an air war. It is a sea war on the part of the United Nations, for without ocean carriers and warships to protect them we could not move our troops to the arena where the fighting is going. To this Dominion, with all its manpower and resources, would be a helpless and useless partner in the struggle without an adequate number of merchant ships and war vessels.

Canada has done and is doing a good job in supplying both the carriers and their protectors, a job that will have to go on, at whatever cost, until the Axis is destroyed and the world is no longer prowling along the waterways.

The Public Must Be Told

The new wartime information board will open offices in New York and London for the purpose of keeping our Allies informed as to what is going on in Canada and industrially to help win the war.

This is necessary because there has been a good deal of misrepresentation, fostered by purposeful misinterpretation, on both sides of the Atlantic as to the part Canada is playing. Axis agents and sympathizers have naturally been busy in both hemispheres creating an impression that the Dominion has not

been exerting itself sufficiently in raising armed forces and turning out munitions. The publicity men stationed at the Washington and London offices should be able to counter the propaganda.

The board, it is to be supposed and hoped, will be even more active in keeping Canadians themselves posted on the progress of the war effort. This also is necessary, because Canada is a big country, in a large part of which people have little knowledge of the war effort, and the production program and only a hazy notion of the size of our fighting forces.

There has been a steady stream of pamphlets and leaflets from the publicity department at Ottawa giving facts and figures in respect to both branches of the war effort, and by broadsheet and newspaper interview the Ministers have helped to spread information. But this home information service must be kept going actively for two reasons. People forget; and the figures given out a week ago are now out-dated.

Now that the board has taken on the job, it should speed up rather than slacken the home publicity campaign. From Cuba comes a guess that the dismissal of pro-Nazi Sener was a put up job, perhaps engineered by Hitler, and intended to lead to a new phase of the war. The Cubans should know their Franco; and the Allies should know their Sener. If he gets any favors from them it should be for return for services rendered, not on the strength of gestures or promises.

The attempt of a Japanese airplane to set fire to a forest in Oregon fortunately failed. It was a warning of what may be expected wherever in the coastal timber zone the flying incendiaries can drop their fire bombs. A point to note is that the Japanese are a ranger in the neighborhood millions of dollars' worth of damage might have been done. The Japanese are making plans to be double-patrolled in the dry season.

Herridge's Suggestion Received Coldly By Most English Observers.

By HAROLD L. WEIR

The suggestion of W. D. Herridge, former Canadian minister to Washington, that the United Nations should elect a committee to study the supreme leadership of President Roosevelt, in the waging of the war, has received unqualified condemnation in Britain.

This condemnation is unofficial, but it is not without significance. It is the opinion of the British public, and of the British press, that the suggestion is a piece of propaganda, and that it is a piece of propaganda.

"Candida," a fortnightly political magazine, says that the suggestion is a piece of propaganda, and that it is a piece of propaganda. It is a piece of propaganda, and it is a piece of propaganda.

From Cuba comes a guess that the dismissal of pro-Nazi Sener was a put up job, perhaps engineered by Hitler, and intended to lead to a new phase of the war. The Cubans should know their Franco; and the Allies should know their Sener.

Soviet Athletes Meet

Russians Show Vital Role Sports in War

By BURTON BENJAMIN

NEW YORK, Sept. 16.—German mechanized divisions were lunging into the Caucasus, threatening vital Russian oil supplies and placing the valiant Soviet defenders in their

Seventy Players On Active Service Asserts Calder

MONTREAL, Sept. 16.—(CP)—Seventy players belonging to National Hockey League clubs last season are now on active service, it was announced here Tuesday by President Frank Calder. Most of this number are registered with the services in Canada.

Many of these have never played in the big league but have been with N.H.L. farm clubs waiting their turn to step up. Others have been in action with their own N.H.L. league lists and they were considered N.H.L. material.

The league, concerned during the First Great War, has sent out some of its most famous players to wear the colors in the present conflict, and every club is represented on the list.

Detroit Red Wings have lost 12 of their strength, while Montreal Canadiens are the second hardest hit club with 15 of their players enlisting. Boston and Toronto lost 12 and 10 players respectively, while eight of the Brooklyn Americans are with the Canadian army.

New York Rangers have four players in the American Army. While Chicago's ranks are depleted by the loss of goalie Sam Lo Presti to the U.S. army, goalie Roy Harkley is in the Canadian Army.

CANADIAN SPORTSHOTS

TORONTO, Sept. 16.—(CP)—The Ten to Ace brain trust of H. Giddings, president and general manager of the Toronto Maple Leafs, said he would make a champion out of the big club.

When Ten to Ace took the job Saturday, he was passing as he never before. The veteran in previous years, including the King's, Plain and Canadian Derby, was told to take the team as far as he would go, to let him know he was the best.

An ordinary thoroughbred, Little Kingpin, broke the Ace in his first last Saturday andockey Smith left his chestnut charger run second for four furlongs, then took him on a half-length lead and finally shook him out four lengths on. The opposition was quite ordinary, but Ten to Ace showed he could run as well as he could think.

There had been some doubt about that. Harry Giddings may not have the horse turf writers said he had before the Ace was beaten in the Canadian Derby, but he has about the fastest thing in the country at six furlongs. Perhaps he will go better at a distance, also, with this more-conservative handling.

Harry Giddings may not have the horse turf writers said he had before the Ace was beaten in the Canadian Derby, but he has about the fastest thing in the country at six furlongs. Perhaps he will go better at a distance, also, with this more-conservative handling.

Reading Pacing Record Equalled

READING, Pa. Sept. 16.—(AP)—Supreme Jim, the Sullivan and Mawhinney entry from Machias, Me., equalled a long-standing record Tuesday to take the \$2,770 three-year-old pacing Futurity at the Reading Fair in three straight heats.

The big colt, driven by Frank Seaburn, turned the second heat in 2:04.4 in the opening feature of the second day's program of Grand Circuit racing. The time equalled the state record for three-year-olds, set by Logan Ross in 1933. The big filly, Miss Emerald, owned by Willett D. Shinn, of Mt. Holly, N.J., was second.

Survivors Landed

WILLENPAT, Curacao, Sept. 16.—(CP)—Some tens of sailors from a torpedoed United Nations vessel were landed safely here yesterday, it was reported by America.

Brooklyn Two Games Down

Cardinals Go 14 Innings In Subduing Phillies 3-2

PHILADELPHIA, Sept. 16.—(AP)—The struggling St. Louis Cardinals had to go all out in 14 nerve-wracking innings Tuesday to conquer the once docile Phils, 3-2, and inflate their National League lead to two full games over the idle Brooklyn Dodgers.

Mort Cooper, the big right hander who had won 20 games to lead the Red Birds in their quest for the pennant, was the star of the night, and was the ninth inning, and that it was the little-known Murrey Dickson who finally pitched and

Informal Entertaining Is Keynote Of Early Autumn Parties

Mrs. Frank E. Dynes and her daughter, Mrs. J. Patrick Ryan, entertained at a shower at the home of the former, 1303 30th ave., on Monday, in compliment to Miss Isabel Yorky, bride-elect of Sept. 14. Mrs. Arthur Yorky poured tea at a table set with an ever-lace cloth and centered by a low silver bowl of magnolias and carnations. The guests included Mrs. J. G. House, Mrs. G. Moore, Mrs. Irene Belanger, Mrs. M. D. Mallon, Miss Margaret Gallinger, Miss Muriel McKinnon.

For the pleasure of Miss Grace Vickers who is to be married this week, Mrs. Norman Smith entertained at tea at the MacDonald home recently. A dressing-case was presented to the bride-elect. The guests were Mrs. E. H. McDougall, Miss Ann Alexander, Mr. O. Purin, Mrs. M. Weiss, Miss Lillian Chapman, Mrs. G. P. Vickers, and Miss Olive Kemp of Ponoka.

Mrs. Robert M. Moore entertained at a luncheon at Mayfair Golf and Country Club on Tuesday in compliment to Miss Isabel Yorky, who is to be married to Mr. John Ryle later this month. The party was laid for seven.

Mr. and Mrs. Tremblaine Dickson of Victoria, and formerly of this city, who have spent the summer in Edmonton, will leave Sunday morning to return to their home at the Empress hotel, Victoria. During their visit in the city they have been widely entertained, and among the parties given recently for Mrs. Dickson was a tea at the home of Mrs. S. Sladen on Tuesday afternoon.

An afternoon tea sponsored by Garnet United Church W.M. will be held at the home of the Rev. and Mrs. D. C. Ramsay on Friday. Receiving with Mrs. Ramsay will be Mrs. W. V. Nease, president of the W.M. Those presiding at the refreshment table will be Mrs. I. F. Morrison, Mrs. E. M. Kane, Mrs. J. F. Henderson and Mrs. P. K. Thompson. In charge of arrangements will be Mrs. H. E. Tait, Mrs. R. H. Hunter, Mrs. George Taylor, Mrs. W. Corbett, Mrs. A. C. Forster, Mrs. F. J. Bielewicz, Mrs. H. Stupar, Mrs. W. May, Mrs. E. E. Egan, Mrs. O. Rostrop, Miss Anna Anderson, Mrs. A. J. Berg and Mrs. A. A. Bradley.

Miss Kathleen Terry, formerly of Edmonton, now in the division of Nursing has taken up training with the R. C. A. F. Women's Division, and is stationed at the camp at St. John's, Newfoundland.

Mr. Mark Robertson, government employment commissioner, and Mrs. Robertson, are visitors in Vancouver.

Royal Alexandra Hospital Nurses Alumnae Association held their monthly meeting Monday evening in the Nurses Home.

Wax Speeds Up Assembly Line Of Beauty, Too

CHICAGO, Sept. 16.—(AP)—The "speed up" has reached the assembly line of beauty.

Such things as the hair-dry which requires no combing, the zippo manicure and the stylized eyebrows have been transplanted today at the annual convention of the American Cosmetics National Association.

They were developed for women who work, who have no time to spare, who have no time either on or off the job.

For the girl who has no time for her morning makeup minutes as she dashes out of bed and hurries off to factory or office there is a hair style that requires as little attention as an eight-day-old beard.

It is simple and easy, as the demonstrators said, "carefree, casual and carefree."

So much so, that all the hair to be worn here-into the future will be given a pat or two and forget about it until evening. For those who adopt it, the comb can be left in the hair.

The hair styling technique has been transferred to the point where it now takes less than 20 minutes, compared to the previous half-hour standard.

Sailors Use Wool Apparel Year Round

By FRANK LOWE
HALIFAX, Sept. 16.—(CP)—Those knitted sweaters that were needed by sailors in the winter have now been found to be best advantage from the merchant seaman point of view.

Remember the following: When you want to make some sailor happy, no matter what the season, you can't go wrong knitting him a pair of sleeveless sweaters. They are used all the year round and will be welcomed in June or January.

Of course the chill winds of winter, being an added bite to the spray they carry, create a demand for heavier garments, and then it is the men who keep the ships rolling in Britain look forward to blankets and sweaters with turtle necks and long sleeves.

Then there are the smaller but equally important knitted articles that are made by the four big woolly card. Heavy socks are a must on his wardrobe list, and a pair of those narrow-stripe socks that they should be at least 12 inches wide and 60 inches long.

SOME OTHER THINGS
Other things besides knitted goods are needed by these everyday heroes of the sea lanes. They need suits and overcoats, hats, shoes, caps, braces and belts as well as boots and shoes in good condition. Also, when the knitting is done and you want to try your hand at packing, make sure you have some ditty bags. They are inexpensive and are a sailor what a horse chest is to a bride.

In everything from smoke to hand towels can be the sailor and the merchant seaman. A tooth brush and paste, gum, shoe laces, razor blades, comb, pencil soap, machine cards, books, writing pads and envelopes and handkerchiefs are all things that will cheer along the men whose job it is to keep Britain supplied with food and fighting tools. But clothes are the biggest need, especially the knitted goods.

So keep your needles clicking and when trying to make some sailor happy, you will find that all sailors are big, husky men. They aren't, the size of men in demand are small and medium.

No word in the English language rhymes with "orange."

FASHIONS TAKE TO THE AIR IN FALL STYLE PICTURE

Wings spread their grandeur over feminine curls nowadays, and they really do the girls justice, if you can judge by the above fall hats for 1942. The idea came from "bomber," believe it or not, and the velvet turban at the left, and soft felt beret at right can be worn on practically any kind of head. For a new, unpowdered, non-pompadour hairdo, the right number at the right is just the thing. The turban can be worn with wings aslant, as shown, or back on the head with wings horizontal.

Interest of friends in university circles is centered in the announcement made today of the engagement of Maxine Darrach, daughter of Mr. and Mrs. R. J. Darrach of Viking, to Lt. Tomkins, son of Mr. and Mrs. C. T. Tomkins of Myram, Alberta. The wedding will take place shortly in Toronto.

The bride-elect was graduated from the University of Alberta in 1938, and is now a member of Delta Upsilon fraternity.

Mr. and Mrs. E. H. Huckle are president of the University of Alberta. Lt. Tomkins took an active part in the defense of the University of Alberta with his degree of Master of Business Administration.

Wedding Vows Are Pledged At Morinville

At a nuptial high mass performed in St. John the Baptist Church, Morinville, on Tuesday morning, Aurora Marie, eldest daughter of Mr. and Mrs. L. Letourneau, was united in marriage to Mr. Lloyd Joseph Tighe, eldest son of Mr. A. Tighe of the late City of Edmonton.

The Rt. Rev. M. Pilon officiated. Pious, friends and all guests made the altar colorful.

Given in marriage by her father, the bride wore a four-length gown of mid-winter orange, fashioned with long sleeves, with long sleeves tapering over her wrists and sweet heart neckline. Her full length veil of white tulle was held in place by a coronet of pearls, and a single white carnation made the bride's hair.

Varsity Head To Officiate Stone Laying

The corner stone of the new Metropolitan church at 106 street and 23 avenue will be laid by Dr. Robert Newton, president of the University, Saturday, September 19, at 7:30 p.m.

Dr. Newton will be assisted by Thornton Graham, chairman of the building committee, and Warren W. Freese, chairman of the trustee board.

OLD BUILDING STONE

The foundation stone from the old building, which was destroyed by fire last New Year's Eve, will be placed in the walls of the new building by Mayor John Fry, assisted by Mrs. John Shields and Mr. Fred Richards.

The minister, the Rev. R. McCreary Thompson, will preside at the ceremony, and others taking part are William Robertson, secretary of the trustee board; the Rev. W. Nainby of Holy Trinity church; the Rev. J. Macbeth Miller, first Presbyterian church; the Rev. Edwin Turner of Knox United church; Dr. E. T. Scragg, representing the Edmonton Presbytery; Dr. Sizer McCall and the Rev. A. S. Tuttle.

The heads and secretaries of organizations in the local church will occupy a place on the platform.

T. A. Graham is chairman of the building committee, and W. H. Langman, secretary. Chairman of the building fund committee is A. E. Hoshorn, and R. L. Gilmour secretary. W. W. Freese is vice chairman of the trustee board, and William Robertson is secretary-treasurer.

PLANNED CHURCH

The new church was planned by Rule, Wynn and Rule, architects, and A. Carlson is the contractor.

Invitations to attend the laying of the corner stone have been issued to:

Hon. J. C. Bowen, lieutenant-governor; Hon. Wm. Abernethy, premier; Hon. Wm. John W. Fry, mayor; Dr. Robert Newton, president of the university; Hon. D. B. McCallum, minister of agriculture; Hon. James A. MacKinnon, minister of crown lands; Hon. C. F. McNally, deputy minister of education; Mr. A. L. Ottewill, registrar of the university; Mr. W. G. Robertson, principal of Strathcona High; Hon. W. A. Falley, minister of public works; Rev. A. S. Tuttle, ex-moderator of the United Church; Rev. W. W. Barlow, bishop; Rev. D. Young, president of the Ministerial Association; Rev. E. T. Scragg, Edmonton Presbytery; Rev. S. Hirtle, Baptist church; the city clergy; Dr. G. S. Lord, principal of the Normal School; Mr. R. B. Shupard, superintendent of schools, and others.

More Chances To Serve Are Given Women

With a great remaster under way throughout the R.C.A.F., to obtain additional thousands for air crew duties, more and more opportunities of service are being thrown open to young women in the women's division of the R.C.A.F.

Each girl who joins the R.C.A.F. women's division releases a man for air crew or for other work too heavy for women to perform.

An interesting new category known as standard tradeswomen has recently been opened for enlistment in the R.C.A.F. (Women's Division), which enables suitable bright recruits, preferably with junior matriculation, to be trained in one of eight interesting trades. These trades are as follows:

Administrative, clerk (general), clerk (accountant), equipment assistant, clerk (operations room), meteorological observer, transport driver and postal clerk.

GO TO OTTAWA

A group of standard tradeswomen are being sent to Rockcliffe, Ont., every week. There they receive four weeks basic training and during this time are assessed by a selection board and placed in the trade for which they are considered best suited. Trade training of various lengths is then given before posting to R.C.A.F. stations.

Two groups of girls suitable for training as clerks (operations room) will be sent to Rockcliffe from No. 3 Recruiting Centre, Edmonton soon, one at the end of September and one at the end of October. Clerks (operations room) are engaged in very secret and confidential work concerned with the mapping and plotting of planes on operational flights. Suitable recruits for the other seven trades are also needed.

OTHER APPLICATIONS

Applications are also being taken for the trades of cook, messwoman (waitress), stenographer, telephone operator, dental assistant, wireless operator (ground), clerk general (medical), clerk stenographer (medical), fabric worker, hospital assistant and general duties.

Any interested girls or women aged 18 to 41 in good health and with a minimum of high school schooling are asked to phone 2518, or apply in person or write to No. 3 Recruiting Centre, R.C.A.F., Provincial Building. Further particulars will be gladly given or sent with no obligations attached. Working girls are reminded that the office is open from 7 to 9 p.m. on Monday and Thursday evenings for their convenience.

Reach the Parting . . .

LOS ANGELES, Sept. 16.—(AP)—Mickey Rooney, at 21 a veteran of 19 years on the stage and screen, was aught for divorce yesterday by his 19-year-old bride of eight months, Ava Gardner. She charged extreme cruelty but made no definite allegations. She asked "reasonable alimony" and her share of community property, which she stated amounted to more than \$200,000. She said Rooney earns \$3,000 a week in the movies. The Rooneys were married Jan. 10 and separated Sept. 4.

School Board To Negotiate Coal Supplies

Negotiations will be carried on between representatives of the public school board and the Mutual Coal Sales, Limited, regarding renewal of the coal-supplying contract for city schools.

At a meeting of the property committee Tuesday night, C. A. Hyndman, representing the coal companies, reported that because of the uncertain supply of labor, the inability to secure necessary equipment, and the shortage of trucks for delivery, the companies might not be able to meet certain specifications set up in their contract.

GUARANTEE CONTRACT

Until the delegation can reach an agreement, the companies guarantee contract specifications until the end of the 1941-42 contract.

"We are eager to make some arrangements," said Mr. Hyndman, who added that inability of the companies to comply was entirely a result of war conditions.

The committee then voted to renew the contract with the Marcus

Coal Company for supplying district number two, which includes the Allendale, Queen Alexandra, Strathcona, and Garneau schools.

The monthly statement of expenditures of the maintenance department was presented by J. M. McAfee, superintendent of plant and was accepted.

The past year has been one of our toughest financially," Mr. McAfee reported, "because of the labor situation, storms, and other factors."

It was decided that the board will pay insurance on the Normal school, which is to be taken over by the department of public works. The department will take over all maintenance costs other than the insurance.

APPROVE ACCOUNT

An account submitted by A. Donnelly, caretaker of the Strathcona Annex, for thirty-one days overtime work during summer school, was approved by the committee.

Recommendation for overtime pay for three members of the caretaking staff at Technical school was deferred until further investigation.

A request from the Church of Latter-Day Saints for use of the Queen's Avenue school for church services was rejected by the committee because of the church's inability to agree to the necessary rental.

Reserve Army Officers Pass Written Exams

Among several candidates who were successful in passing examinations for members of Reserve Army units in Edmonton during August, was Hon. Lucien Maynard, M.C., Minister of Municipal Affairs.

The Alberta cabinet minister was successful in passing the written examination that qualified him for the rank of Lieutenant. He is an officer of the 24th Field Bty. R.C.A. (R). Others of the same unit who also passed the second paper, 16 lieutenants were: H. P. Macdonald and G. R. Conquest. They were formerly second lieutenants.

Second lieutenants of the same battery unit who passed both first and second papers to qualify as first lieutenants were: G. E. Hill, A. MacLiffe and P. M. Fox.

MANY SUCCESSFUL

A large group of officers from the 2nd Bn. Edmonton Regiment (C.A.R.), assume higher rank as a result of passing the exams. Lieutenants L. H. Foster and R. Whitaker, qualified for the rank of captain.

Passing the first paper (common), qualifying them for the rank of second lieutenant were: C. E. D. Hamstead, T. L. Cross, R. W. Dallimore, J. Deprose, H. L. Ingram, H. M. Keener, H. B. McKim, W. R. Stewart and S. S. Lancaster.

Second lieutenants of the same unit who qualify as full lieutenants are: H. R. Hammond, H. F. Boyle and F. S. Heron. They passed the second paper, special (infantry, R).

Officers of the 2nd Bn. Edmonton Fusiliers (C.A.R.), who become full lieutenants as a result of passing both first and second papers are: Second Lieutenants J. M. McCro, W. F. Miller, L. E. Moxgrove, G. B. Sargeant and R. Lawrence.

SERGEANT PROMOTED

It is also announced that Sgt. J. C. Devlin, of 10207 8th street, has been promoted to the rank of company sergeant major at A16 C1 T.C. Currie Barracks, Calgary.

C.M. Devlin was a member of the 2nd Bn. Edmonton Fusiliers (Reserve) until he enlisted in the active service in January of 1940. He was a well known wholesale grocer here.

Italy and Germany rank first and second as countries of birth of foreign-born U.S. residents.
